

ANGELA URIBE

Graphic & UI Designer | Web Developer

Cambridge, ON • 226-700-8877 • ing.angelauribe@outlook.com • angelauribe.me • linkedin.com/in/angela-uribe-dev • github.com/AngelaUribe

PROFESSIONAL SUMMARY

Graphic and UI/UX Designer with 10+ years of experience across branding, web design, print, and digital campaigns for agencies, startups, and industrial clients. Skilled in translating client goals into polished, on-brand visuals — from wireframes and prototypes to print-ready materials — using Adobe Creative Suite, Figma, and Adobe XD. Brings an added ability to build and implement what I design, giving teams a designer who understands technical feasibility from concept through launch.

WORK EXPERIENCE

Graphic & Web Designer (Internship)

March – May 2026

Massive Web Design | Hamilton, Canada

- Designed responsive WordPress websites in Elementor, working from wireframes and moodboards through to dev-ready, pixel-accurate builds.
- Translated Figma and Adobe XD concepts into functional, user-friendly pages, applying UX/UI principles to layout, hierarchy, and usability.
- Selected and customized plugins, forms, and dynamic content to match each client's brand and functional requirements.
- Collaborated directly with clients to gather requirements, present design concepts, and refine work based on feedback.

Full Stack Developer

December 2024 – July 2026

ICMS | Burlington, Canada

- Designed accessible wireframes and prototypes for the ICMS client/admin portal, then built the interface (Laravel, Blade, Jetstream) for asset management and report generation.
- Led the visual redesign of the company website in WordPress, strengthening brand consistency across all client touchpoints.
- Designed and built the Timesheet module for mobile and desktop, balancing usability with technical constraints.

Visual & Web Designer

April 2024 – Present

Freelance | Hamilton, Canada

- Designed logos, corporate identities, and promotional materials aligned with each client's brand values.
- Designed and developed responsive websites (WordPress, Elementor, WooCommerce, Figma), managing the full process from concept to client sign-off.
- Produced high-quality print and digital visual content using Photoshop, Illustrator, and InDesign.
- Managed ongoing client relationships, site updates, and hosting environments.

Design Support, Tutoring Lab

September 2023 – April 2024

Mohawk College | Hamilton, Canada

- Designed and prepared print-ready posters and instructional guides using InDesign, Photoshop, and Illustrator.
- Led workshops on digital design tools, including Canva, Adobe Express, and Microsoft 365.

Full Stack Developer

March 2022 – March 2023

Creative Guild | Hamilton, Canada

- Translated visual designs into interactive web elements (Figma, Bootstrap, Vue.js).
- Maintained WordPress plugins and ensured ongoing site stability.

Project Manager

April 2012 – September 2021

SysCafé | Ibagué, Colombia

- Led design strategy to improve UI/UX consistency across mobile and web projects.
- Supported ISO 27001 certification by implementing secure design practices.
